

GT5-AL - AIRBLOCK ALUMINUM FLOOR GROMMET

***Controls Air Leakage**

***Heavy Duty Load Capacity**

***Efficient and Economical Solutions**

GT5-AL Aluminum Floor Grommet

Finally! A high performance engineered grommet with the look architects and designers want!

The GT5-AL Aluminum Floor grommet is a 5.0" Circular grommet which utilizes an adjustable rotating cover and EDPM gasket which can be fitted to various cabling (power and data cables). The die cast aluminum frame mounts to most raised floor panels without any drilling or bolting. There are (2) integrated clamping arms which make installation fast and secure. The cover also securely locks into the frame with a locking screw which eliminates the cover being dislodged or lost.

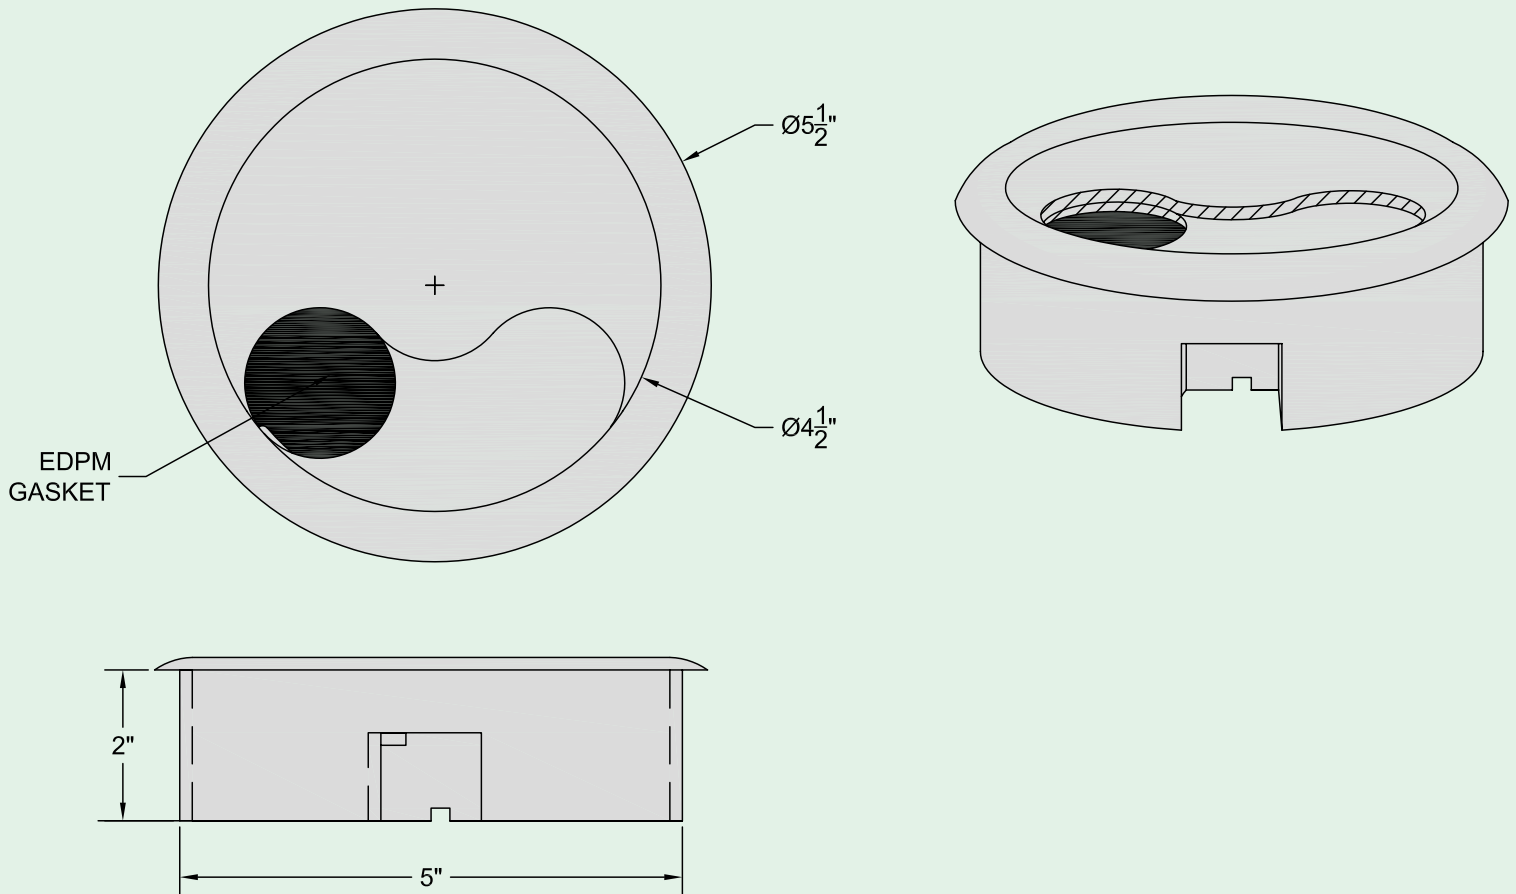

- Heavy Duty Die Cast Aluminum Construction
- 500lb Load Capacity
- Easy Installation utilizing (2) Clamping Devices
- Fits into a pre-cut 5.0" circular cutout
- EDPM fire rated gasket for Air Seal
- Finishes: Natural Clear Anodized Aluminum, Anodized Black - (other colors are available on request - Bronze, Brass - min order requirements)
- Certified air leakage test data available
